
GUIDELINES FOR PREPARATION OF MANUSCRIPTS
--

I. GENERAL INSTRUCTIONS

- 1) Research presented in the manuscript could be in any field of agriculture or allied discipline leading to a postgraduate degree. Research data should either be from an ongoing study or a study that has been completed after **31st July, 2017**.
- 2) The research work should **not** have been published or submitted for publication elsewhere.
- 3) The postgraduate student should be identified as the first author.
- 4) A corresponding author who will be responsible for all communications with the Congress Office should be stated clearly.
- 5) **Submission of manuscripts:** Manuscripts can be submitted **online system** of the PGIA Congress on or before 31st July, 2019.
- 6) **Certificate of authenticity:** Declaration form should be duly filled, signed by all authors and uploaded to the online submission system.
- 7) **Information of corresponding author:** Please fill online form.
- 8) Submissions that involve human or animal trials should provide evidence of approval obtained by an ethics review committee.

II. SPECIFIC INSTRUCTIONS TO AUTHORS

- 1) **Documents to be submitted**
 - Manuscript
 - Duly filled and signed 'Certificate of Authenticity' form.
 - Duly filled 'Information of Corresponding Author' form.
- 2) **Format for typesetting**
 - **Paper size:** A4 (210 X 297 mm) typed single sided only.
 - **Margins:** Top, bottom and right margins of 25 mm and a left margin of 30 mm.
 - **Line spacing:** 1.5 (18 points) throughout the text.
 - **Length:** Length of the manuscript including text, tables, figures and references should not exceed 15 typed pages.(07 pages for poster).
 - **Page and line numbering:** All pages should be sequentially numbered using Arabic numbers. All lines should also be numbered sequentially starting from the top to the bottom of each page.
 - **Font:** Arial font, size 12.
 - **Language/spelling:** UK English only.
 - **Software:** Authors may use either MS Word® 2010 onwards format.
- 3) **Title:**
 - Title and running title (less than 30 characters). They should be in **bold** faced letters.
 - Name/s and affiliation/s of author/s.
 - E-mail address, mailing address and contact numbers of the corresponding author.

***NOTE:** Identify the corresponding author by placing an asterisk after the name.*

4) Abstract

- Should be limited to a maximum of 250 words
- Up to a maximum of five (05) keywords should be identified, arranged in the alphabetical order and included immediately after the abstract.
- Abstract should be typed in italics. Scientific names in the abstract should be underlined.
- No references, tables or figures should be included in the abstract.

5) Body

- **Introduction:** Justification of the research work, objectives and hypotheses should be included in the introduction.
- **Methodology:** All materials, chemicals, clinical subjects and samples used should be identified. Analytical, survey and statistical methods should be explained concisely. Common analytical methods need not be elaborated.
- **Results and Discussion:** Results should be presented in the most lucid fashion without redundancy. Be complete but concise in discussing findings, comparing results with previous work and proposing explanations for the results observed.
- **Conclusions:** Should be concise.
- **Headings:** All headings should be in **bold** Uppercase and centered.
E.g. **INTRODUCTION**
- **Subheadings:** All subheadings should be in **bold** and in title case.
E.g. **Preparation of Land**
- **Non-English terms:** All non-English terms should be *italicized*.
E.g. *et al.*, *viz*, *etc*, *in vivo*, *in vacuo*, *sous vide*, *Yala*, *Maha*.
- All scientific names should be *italicized*. Both genus and species names should be mentioned at the first appearance and only the species name can be mentioned with abbreviated genus name subsequently.
e.g. *Clostridium botulinum* and subsequently *C. botulinum*.
- **References:** Refer to the authors and year of publication within the text as follows. (Sharma, 1997); (David and Silva, 2009) and in case of three or more authors (Gordon *et al.*, 2009). When two or more references are to be cited together, they should be given in the chronological order. E.g. (Sharma, 1997; David and Silva, 2009). All publications cited in the text should be presented in the list of references in alphabetical order following the style mentioned below.

Journal Articles

Slavin, J., Jacobs, D. and Marquart, L. (1997). Whole grain consumption and chronic diseases: Protective mechanism. *Nutr. Cancer*. 27, 14-21.

Books

Shahidi, F. and Naczki, M. (2004). *Phenolics in Food and Nutraceuticals*. CRC Press, Boca Raton, FL, pp.446-448.

Edited books

Jeyarani, S. Karuppuchamy, P. and Sathiah, N. (2008). Interaction between the egg larval parasitoid, *Chelonus blackburni* and Nucleopolyhedrovirus in *Helicoverpa armigera*. pp. 126-130. In: Ignachimuthu and Jeyaraj. S. (Ed.) *Recent Trends in Pest Management*. Elie Publishing (Pvt.) Ltd., New Delhi, India.

Websites

Sharma, V.P. (2009). Cyber extension: Connecting farmers' in India - Some experience [on line]. [Accessed on 12.08.2009]. Available at <http://www.gisdevelopment.net/proceedings/mapasia/2003/papers/i4d003.htm>

Digital Object Identifier (DOI):

doi:10.1016/j.physletb.2003.10.071

6) Tables and Figures

- Should be included in the exact place within the text.
- Should fit into a size of 138 x 208 mm to facilitate reproduction in B5 size.
- Tables should be numbered sequentially using Arabic numerals. The titles should be self-explanatory and placed above the tables.
- Tables should not contain any vertical lines.
- Figures should be numbered sequentially using Arabic numerals. Captions should be self-explanatory and placed below the figures.
- Illustrations, Line drawings and Photographs (Plates), if any, should be clear, properly numbered and captioned and ready for reproduction. They should be of high resolution such as a minimum of 300 dpi and saved in .tif or .bmp formats.
- All lettering, graph lines and points on graphs should be sufficiently large and bold faced to permit reproduction for inclusion in the Proceedings and Journal.
- Lines of maps, artworks and illustrations should be of appropriate thickness. Please note that the thin lines do not reproduce well.
- Please note that the illustrations, line drawings and photographs should be placed in the appropriate location of the electronic file and numbered in sequence with other figures.
- Adjustments to the illustrations can be made to improve clarity. E.g. to enhance brightness, contrast, or color balance. However, manipulations that may obscure, move, remove or introduce should not be performed.

7) Acknowledgements

- Only the essential individuals and/or organizations/institutes should be included.

8) Units

- SI units should be used.
- A single space should be left between the numerical value and the unit. E.g. 24 mL, 45 L, 45 g/L, 2 mg/kg.
- Degree symbol for temperature should be used separated from the numerical values by a single space as for example, 20 °C, 37 °F.

9) Acronyms and Abbreviations:

- All acronyms should be written in full at the first time of appearance. Abbreviations can be used subsequently.
- The full stop should not be included in abbreviations, e.g. rpm (not r.p.m.), ppb (not p.p.b.), '%' and '/' should be used in preference to 'per cent' and 'per', respectively (e.g. 45%, 2 m/s). Where abbreviations are likely to cause ambiguity or may not be readily understood by readers, the units should be mentioned in full.

10) On being informed of the acceptance, the manuscripts should be revised as per the reviewers' suggestions and re-submitted using online system. The accepted manuscripts should be presented orally or as a poster at the Congress and they will be published in the Journal 'Tropical Agricultural Research', vol. 31, 2815 (ISSN: 1016-1422).

11) Please note that the manuscripts that do not confirm to the above guidelines will

not be accepted.

SUBMISSION OF PAPERS

Modes of Submission:

Use the online submission system by visiting the congress website:
<https://www.pgia.ac.lk/congress-new/index.php>

Dr. A J Mohotti
Congress Coordinator,
Postgraduate Institute of Agriculture,
University of Peradeniya,
Peradeniya 20400,

Sri Lanka.
